FINANCIAL POLICY

We appreciate your confidence in our practice and would like to work with you to limit the rising cost of medical care. You can help a great deal by reviewing the following summary of our payment policy. This policy was implemented to reduce paperwork and delays in payment, which in turn decrease the cost of care for everyone.

We will ask to see your insurance card at every visit to ensure there are no changes. We will also ask for a new patient information sheet to be completed every year in order to maintain accurate information in our files. Updating this information regularly will prevent incorrect billing of insurance and will also allow timely receipt of statements and/or refunds when necessary.

ALL PAYMENT IS EXPECTED AT THE TIME IS SERVICE

Payment is required at the time services are rendered. Co-payments are set by the insurance company to off-set the negotiated rate of our charges and will not be billed to the patient. All co-pay amounts must be paid at the time of visit without exception.

Deductible and coinsurance amounts will be calculated based in your insurance contracted rate and will be payable at time of visit. We will make every effort to verify your insurance benefits before or on your appointment date to ensure payment amount expected is as accurate as possible for this service.

Fertility and Women's Health Center accepts cash, personal check, credit, and debit cards.

Patients with an outstanding balance of 60 days overdue must make arrangements for payment prior to scheduling appointments or requesting prescription renewals. We realize that people have financial difficulties and we will make every effort to accommodate our patient's needs after a financial evaluation form is completed.
